

## Program Purpose:

To enhance the crisis services array to include a statewide community crisis on-site emergency psychiatric screening and assessment.

To provide services **24/7/365** within 60 minutes of contact with the CCRI team to meet the mental health needs of residents of SC.

## South Carolina Department of Mental Health

**REGION A: Midlands**  
**REGION B: Upstate**  
**REGION C: Pee-Dee**  
**REGION D: Coastal**

We provide **adults and children** with clinical screening either:

in person at the location of the crisis,

in person at a CMHC clinic,

via phone, or

Build partnerships with local law enforcement, hospitals, judges, community providers, and local mental health providers.

via Telehealth Communication Software.
