Dr. Julius Freeman has served on the medical staff at CM Tucker since May 2016. He is committed to the mission and vision of CM Tucker. He is dedicated to providing excellent medical care to our residents in both the Stone and Roddey Pavilions. He has a genuine interest and passion for the geriatric and nursing home population. These attributes are demonstrated daily through his commitment to provide excellent resident care on his assigned units as well as with other facility residents. His smile is contagious and he always has a joke or two to tell that always lightens the mood. His kind and easy going demeanor establishes a comfort level with all staff that they are comfortable approaching him with questions regarding resident medical issues. In the absence of the Medical Director he humbly assumes the acting role to ensure our residents have continuity of care.
