MAY 16, 2024
FLORENCE CENTER | FLORENCE, SC

Uniting for a Suicide-Free Future through Free Education
and Training for Healthcare, Education, and First Responders

Thank you to our sponsors!

McLeod Health

Betty S Campbell
Charitable Foundation

With generous funding from the Dr's Bruce and Lee Foundation and the Nemecc-Abbott Foundation, The Jonathan Foundation in collaboration with Pee Dee Department of Health and Environmental Control and Pee Dee Mental Health is pleased to offer the 1st Annual Brighter Days Conference. The conference is being provided as a free community service as the culmination of our work on three projects in support of American Foundation for Suicide Prevention's (AK+FSP) Project 2025 to reduce suicide by 20% by 2025.

The conference will provide no cost education and training for the target audiences of:

- Healthcare: Counseling/Primary Care/Emergency Departments
- Education: Public and Church-based Schools
- First Responders: Law Enforcement, EMS, and Mobile Crisis Units

Our keynote speaker will be Dr Daniel Amen, world-renowned founder of the Amen Clinic, BrainMD, and Amen University. Dr Amen's mission is to end mental illness by creating a revolution in brain health. Amen Clinics has the world's largest database of brain scans for psychiatry totaling more than 250,000 SPECT scans on patients from 155 countries. His keynote session will discuss how neuroscience is transforming psychiatry and helping patients prevent or reverse mental health disorders.

The conference highlight will be a private VIP Executive Session for health care executives, legislators, and key members of the mental health community to ask questions and dialogue with Dr Amen about the mental health developments in our community including the new MUSC/McLeod collaborative on a new Behavioral Health Hospital and the PDMH transitions care grant.
